LIFECH

A NEW WAY TO EXPERIENCE SUPPLEMENTS

This soft, chewy, plant-based jelly tablet introduces a next-generation approach to delivering oil-soluble nutrients – combining advanced formulation science with a format consumer genuinely enjoy taking every day.

LIFE CHEWS™

Developed to mimic the natural digestion of food, LifeChews™ help lipid-soluble nutrients break down efficiently in the body. Clinically proven to improve bioavailability, the format supports effective dispersibility across a wide range of oil-soluble actives while enabling a high nutrient payload.

Unlike existing solutions on the market, LifeChews™ are fully plant-based and can deliver up to 400 mg of algae oil per jelly tablet, without fishy taste or aftertaste. Small, pleasant to chew, and individually blister-packed for optimal protection against oxidation, LifeChews™ turn daily supplementation into a habit consumers want to keep, combining performance, consumer experience, and sustainability in one innovative format.

AEION™ CellAge

WHERE LONGEVITY BEGINS

Aeion™ CellAge supports healthy cellular aging through daily protection against oxidative stress. Powered by algal DHA and vitamin D, and informed by emerging clinical research, it is designed to help protect cells over time – because longevity is built through consistent care, day after day. New long-term studies suggest that vitamin D may help slow telomere shortening, while omega-3s have shown protective effects on biological aging markers such as DNA methylation.

Together, they form a science-led approach to supporting cell health – helping build resilience at the most fundamental level of longevity.

Nutrient	Amount per tablet
DHA (docosahexaenoic acid)	250mg
Vitamin D	20 µg

Flavour: Natural lemon flavor

Colour: Orange

Recommended serving: 1 jelly tablet per day

Product Code: 300015454

1.7 g per jelly tab

Sugar Free

Pectin based, vegan

Phospholipid Free

Nutrition Claims

High in Vitamin D

High in Omega 3

Health Claims

Vitamin D contributes to the normal function of the immune system

Vitamin D contributes to the maintenance of normal bones

DHA contributes to maintenance of normal brain function

LifeChews™

FLAVOURS & COLOURS

LifeChews™ offer a delightful sensory experience with a range of natural colours and flavours, making daily supplementation enjoyable for consumers of all ages.

FLAVOURS & COLOURS

Available Colours:

Dark Red , Beige,
Orange, Yellow

Sweeteners:

Steviol glycosides from
Stevia – sugar-free and
naturally derived

Flavour Options:

Natural Cherry
Natural Lemon
Natural Grapefruit
Natural Mango
Natural Tropical Fruit

All LifeChews™ use natural
flavourings and colourants, ensuring
a clean, wholesome and enjoyable
supplement experience.

LifeChews™ are designed with protection and convenience in mind, ensuring each jelly tablet arrives in perfect condition and maintains its quality throughout its shelf life.

Format

Two blister packaging options available:

- Peel-Off
- Push-Through

Benefits

- Aluminum-aluminum (Alu-Alu) individual blister packaging for optimal oxidation protection
- Innovative gem-shaped blisters to prevent denting or deformation of jelly tablets during shipment
- Proven stability, supporting a 24-month shelf life
- Custom molds available to fit your brand aesthetics and needs

With this thoughtful packaging, LifeChews™ combine durability, usability, and product integrity, reflecting the high quality and innovation behind the format.
