

Vegetarian Softgel

Over 10% of the world population is vegetarian or vegan¹!

And the number is growing rapidly, especially amongst younger adults; even non-vegetarians are increasingly turning to vegetarian alternatives, if they have the choice.

To meet this trend, we have developed a softgel with a 100% vegan shell.

What's in it?

Especially suited for vegetable oils, rich in essential fatty acids, in combination with fat-soluble vitamins (A, D, E and K).

- The Shell contains Carrageenan & Corn-Starch
- Additional features:
 - GMO free
 - BSE free
 - Plant-based, free from animal derivatives
 - Gluten free
 - Sugar free
 - Neutral in taste and smell
 - Kosher & Halal certification possible

Many formulations possible ...
